Create Your Pantheon Site

Name Your Pantheon Site

Your site name

Site names cannot be changed once created.

Your Pantheon Development Site URL

https://dev-site-name.pantheonsite.io

Choose a Region for the Site

- ◉ United States
- ○ European Union
- ○ Australia
- ○ Canada

For Service Offerings where customers select a specific region as the data location, Pantheon utilizes a Google Cloud Platform data center located in that region to store all data collected by Subscribers from the End Users.

Create a Site

You are adding a website to the following Workspace: **Personal Workspace**. You can connect a domain later.

What Kind of Site?

WordPress	**Drupal**	**Front-End Site**
Enterprise-level WordPress with built-in version control and developer workflow tools.	Enterprise-level Drupal with built-in version control and developer workflow tools.	**EARLY ACCESS** Create a decoupled website. Get the best of both worlds when you combine the latest JavaScript front-end frameworks with open source CMS.

Welcome to WordPress!

Learn more about the 6.6.2 version.

Author rich content with blocks and patterns

Block patterns are pre-configured block layouts. Use them to get inspired or create new pages in a flash.

Add a new page

Customize your entire site with block themes

Design everything on your site — from the header down to the footer, all using blocks and patterns.

Open site editor

Switch up your site's look & feel with Styles

Tweak your site, or give it a whole new look! Get creative — how about a new color palette or font?
